Al Francis Paz

BS Computer Engineering Graduate '26 | Backend Developer |
Android Developer | Software Engineer
Baao, Bicol Region, Philippines

Summary

Backend Developer skilled in Spring Boot, Java, and PostgreSQL. Experienced in building the ExpenSEEs-API, implementing user management, budget operations, expense tracking, and liquidation reports with JWT-based authentication and Spring Security. Passionate about creating robust, scalable solutions and eager to contribute to innovative tech projects while advancing as a developer.

Experience

REVLV Solutions, Inc.

Backend Developer Intern

June 2025 - July 2025 (2 months)

Burgundy Corporate Tower 252 Sen. Gil Puyat Avenue, Makati City

- Developed ExpenSEEs-API, a RESTful backend for expense tracking using Spring Boot, Java, and PostgreSQL.
- Implemented user management, budget operations, expense tracking, and liquidation reports.
- Integrated JWT-based authentication and Spring Security for role-based access control.
- Configured and tested API endpoints using Postman and IntelliJ IDEA.
- Collaborated with frontend developer to integrate API with Admin Dashboard and mobile app.
- Deployed backend on a DigitalOcean server, ensuring CORS configuration for seamless frontend connectivity.
